

Citrix Business Continuity Services

Business disruptions can impact organizations of any size in any location. From weather, to power outages, political events or even virus outbreaks, every organization needs to develop a business continuity plan (BCP) to ensure its business operations can continue, no matter the disruption.

Our comprehensive suite of BCP service offerings will help you prepare, improve, build or manage your Citrix infrastructure, and enable your team to address your business continuity and disaster recovery needs.

Citrix Business Continuity Planning Workshop

SKU: 4032141 (CVAD), 4033810 (Networking)

QTY: 1

SRP: \$5,680

Enhance your business continuity plan (BCP) to prepare your Citrix Virtual Apps and Desktops (CVAD) environment for increased user demand during unexpected circumstances.

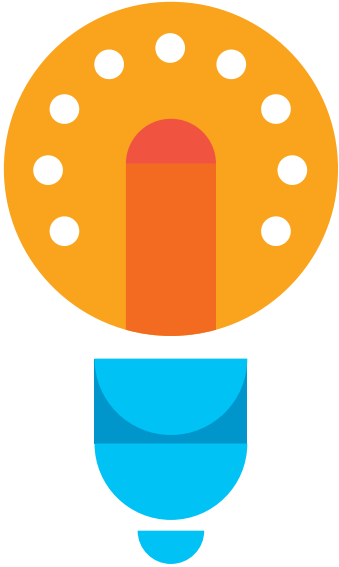

Citrix Business Continuity Assess and Expand
