Why register for the GELA License Program?
The GELA License Program offers a straightforward online agreement for government agencies in Europe, Middle East and Africa (“EMEA”) and Brazil and with multiple renewal options, making it simple to manage and leverage across an organization. Once registered, any qualified product purchase earns customers the same discount for all eligible Citrix products and select Citrix services. Discounts apply for three years and may be increased and extended with a qualified purchase. Registering for the program does not commit or obligate you or your organization to any purchase.
