

Citrix Education Services

Equip your teams to unlock the full potential of your Citrix solutions, with training to suit all learners, needs, and schedules. They'll spend less time troubleshooting, and you'll see greater return on investment (ROI).

Save time, by getting it right the first time

75%

of our students say we've helped them to spend less time troubleshooting.¹

Why fight fires, when you could be blazing a trail? We'll teach your teams to follow our leading practices, so they get things right the first time. That means less troubleshooting, fewer calls to support, and more time spent on more valuable work.

Our Education Services

On-Demand Training

Some people love to learn at their own pace. Our comprehensive catalog of eLearning courses empowers your team to learn as fast as they want, whenever they want.

And with our **All-Access Learning Subscription**, they can access hundreds of hours of courses, book time with Citrix Instructors, take certification exams, and even practice their new skills in a risk-free environment with Hands-On Labs.

Instructor-Led Training

Would your employees be happier with more structured, interactive training? Put them in a class with other students, and a highly experienced Citrix instructor, and watch them fly.

Whether it takes place in a private or public classroom, in-person, or online — Instructor-Led Training is a fast, engaging way for your people to get more from your Citrix products.

Custom Training

If you can't find the perfect Citrix course or learning model for your teams, don't worry. Just tell us what you're looking for.

We can design and deliver custom training for your organization, tailored to your unique Citrix environment and your team's existing skills.

Exams, Badges, and Certification

When you train someone in a Citrix technology, you make a genuine investment in your workforce.

Through our industry-recognized exams, badges, and certifications, you can boost their confidence, increase their professional status, and provide meaningful development and career progression.
