

Getting started with Citrix DaaS Standard for Azure

There are 2 ways to access your apps and desktops:

1 Through Citrix Workspace app:

Go to citrix.com/downloads/workspace-app, choose your version, and follow the installation prompts.
 Note: If you have Windows, you'll need to run the file as an administrator.

2 Through any browser:

Simply go to your workspace URL (for example: <https://companyX.cloud.com>), and sign in to your account.

Click **Add Account**, and then enter your workspace URL (for example: <https://companyX.cloud.com>) or corporate email address, and click **Add**.

What to expect once you sign in

The screenshot shows the Citrix Workspace web interface. On the left is a navigation sidebar with 'Home', 'Actions', 'Apps', 'Desktops', and 'Files'. The main area is divided into 'Apps' and 'Desktops' sections. The 'Apps' section has 'Recents' and 'Favorites' tabs, showing a row of application tiles: Adobe Acrobat, Adobe Acrobat Pro, Microsoft Office 365, Microsoft Outlook, Microsoft Powerpoint, and Microsoft Word 365. The 'Desktops' section also has 'Recents' and 'Favorites' tabs, showing three desktop tiles: Managed Linux 2017, Managed Win 7 Fort Lauderdale Desktop, and Managed Win 10 FLL Desktop. Annotations with blue arrows point to various elements: 'Available applications and desktops will appear here.' points to the main content area; 'All your recent apps will appear here.' points to the 'Recents' tab in the Apps section; 'Click an app to open it.' points to the Microsoft Office 365 tile; 'Click to launch your desktop.' points to the Managed Linux 2017 desktop tile; and 'Star an app or desktop to make it a favorite.' points to the star icon on the Managed Win 10 FLL Desktop tile.

Available applications and desktops will appear here.

All your recent apps will appear here.

Click an app to open it.

Click to launch your desktop.

Star an app or desktop to make it a favorite.

Now you're ready to start getting work done your way.
