Get ready for a new app and desktop experience

Soon you'll be able to easily access your apps and desktops from all your devices, wherever you are

Body

We understand that when you're working, you're not always in the office on your desktop—but that shouldn't mean limited access to everything you need to be productive. That's why we're rolling out a new and improved apps and desktops delivery system.

You'll be able to:

- Connect to the apps and desktops you use in the office from anywhere
- Enjoy lightning-fast response times regardless of connection quality or location
- Seamlessly collaborate with teams and clients across locations
- Use any device you choose

We hope you're as excited as we are about the greater flexibility and productivity our new system will deliver!

Work without barriers

Our new app and desktop experience is almost here

Body

Your new and improved apps and desktops delivery system is almost here! In just [insert number of weeks/days here], you'll have access to everything you need to get your job done from anywhere and on any device.

Here are just some of the things you'll be able to do:

- Access all your apps and desktops with a single sign-on
- Collaborate and work together seamlessly on projects with your co-workers from any location without slowing down a project because of access limitations
- Enjoy lightning-fast response times regardless of connection quality or location
- Work from any device, in any location, at any time

When we launch our new system, you'll receive more information and step-by-step instructions for getting started.
