**Frequently asked questions:**

1. **Do other discounts and promotions still apply?** Yes. This promotion is stacked on top of the current \$5 off per user/month. Tiered volume discounts are also applied on top of this promotion. The more licenses purchased the greater the discount. Please contact your Citrix rep or Citrix Partner rep for a detailed pricing quotation.
2. **Is there an option to pay over 3 years and not get a bill in year 4 (the free year)?** No. Revenue recognition laws and regulations require this promotion to provide equal annual billing over the course of the subscription.
3. **My project won't be funded before June 30<sup>th</sup>, 2019. Can I still sell take advantage of this promotion?** Yes. Be sure to work with your Citrix rep or Citrix Partner rep to get a quotation for your project. Quotations are typically honored for 90 days. If you were to get a quotation in June, that quotation would be valid until September.

\*\$300/user/year already reflects the current \$5/user/month promotion. Regular list price is \$360/user/year.
