Enjoy award-winning, always-on technical support with the fastest response times in the industry and access to product version updates.
Start minimizing risk and maximizing return

Whether you’re in the cloud, on premise, or anywhere in between, Customer Success Services Select provides a new kind of engagement. One that doesn’t just keep you up and running, but ensures you’re getting the greatest possible value from your Citrix investments.

Our new, industry-leading Select offering delivers:

- **Award-winning technical support and maintenance**
  Anytime access to deep expertise for installation, configuration, and problem resolution, plus product version updates and upgrades.

- **Expert guidance**
  Real-time contact with Citrix experts and best practices for assistance with planning new deployments, upgrades, and migrations.

- **Enablement**
  Access to training, so you and your organization can continuously build and develop skills.

- **Proactive monitoring**
  Exclusive use of tools, analytics, adoption insights, and cloud services enabling proactive monitoring and issue prevention.

Select key benefits:

- Unlimited access to 24/7/365 award-winning support
- Fastest response times in the industry for technical support
- Latest product updates and new releases
- Configuration and installation assistance
- Live chat, training, and other exclusive value-added features
- Access to Citrix App Layering and Workspace Environment Management
What our customers say

“Citrix Customer Success Services is a no brainer. It will save you significant amounts of time and money by eliminating potential holes and problems as well as ensuring your investment in Citrix will pay off”.

Parker Guymon
Sales Manager, DynaQuest Technologies

“I have successfully migrated a core Citrix service to the Cloud with the help of Citrix Customer Success Services”.

Adeleke Kazeem
IT Manager, Avon Healthcare

“CSS helps us deliver minimal down time for employees while maximizing customer satisfaction”.

Kyle Scott
Sales Manager, LeBerge & Curtis

“Customer Success Services is available when needed and are always very thorough. I always learn something new when working with support”.

Aaron Long
Infrastructure Engineer II, Corporate One Federal Credit Union

“It’s very important that our systems are up and available 24/7. Having CSS behind me is really like having an entire team of IT consultants at my beck and call 24/7. I am only as good to my users as the support behind me”.

Nick Casagrande, IT Director
State Employees’ Credit Union

• Gain the knowledge to do your job more effectively  
• Meet face to face with the support experts to ask questions, have in-depth discussions and network |
# What you get with Citrix Select

## Proactive monitoring

<table>
<thead>
<tr>
<th>Features</th>
<th>Description</th>
<th>Value Highlights</th>
</tr>
</thead>
</table>
| **Proactive Call Home**      | Call Home provides scheduled upload of Citrix Virtual Apps and Desktops site data to Citrix Insights Services (CIS) to check the health for sites with Citrix Virtual Apps and Desktops. Configurable by day and time, the data upload reflects the state of the site at upload time. Similar to Scout that offers on-demand data upload and analysis, Call Home is designed to offer proactive scheduled uploads of data to check site health and provide email notification when analysis is completed. | • Be pro-active with scheduled site health checks  
• Review results analysis (email notification) to get ahead of potential problems |
| **Workspace Environment Management** | Workspace Environment Management uses intelligent resource management and Profile Management technologies to deliver the best possible performance, desktop logon, and application response times for deployments of Citrix Virtual Apps and Desktops. It is a software-only, driver-free solution. | • Optimize Citrix Virtual Apps and Desktops application response times with intelligent resource management  
• Get users to their apps and desktops faster with multi-threaded processing of user environment settings |

---

**Program Terms**

In order to receive CSS benefits, customers must have active CSS for 100% of its licenses, within one product line, and under a single ORG ID. This is known as the "All-in Rule". Partial CSS coverage within a product line is not permitted. If the customer has licenses that are no longer in use, they have the option to permanently rescind such licenses in order to exclude them from pool of licenses for which CSS is being purchased. License transfers to new or existing ORG IDs, for the purpose of avoiding the All-in Rule is not permitted. A customer is not permitted to extend the benefits of CSS to any licenses that do not have an active CSS agreement. Compliance will be monitored and without waiving other remedies, Citrix reserves the right to suspend CSS benefits and invoice a customer for any underpaid CSS fees for compliance violation(s).

Customers can purchase CSS in one (1) year increments up to a maximum of five (5) years. CSS is available during a product’s Mainstream Maintenance and Extended Maintenance Phases. Once a product version reaches the End of Life date, security-related hot fixes, technical support and product downloads will no longer be available.
Award-winning technical support

Citrix has been honored with the 2017 STAR Awards for Best Practices in Knowledge Management and Best Practices in Service Offer Development from Technology Services Industry Association.

Citrix is a recipient of the 2015 and 2016 NorthFace ScoreBoard Award SM for World Class Excellence in Customer Service.

Citrix earns the 2017 Insights to Action (I2A) Silver Award from Qualtrics.

Customers rank Citrix Support in the top of its class in customer satisfaction ratings.

79% of customers agreed: “Citrix Tech Support is a must for any transformative IT deployment”.

87% of surveyed customers have been able to minimize downtime or proactively keep their environment operating at peak efficiency as a result of Customer Success Services.

Almost 70% of Citrix customers agree... Citrix Customer Success Services provides the best combination of Tech Support, proactive monitoring, enablement, and guidance capabilities in the industry.

More than 50% of Citrix customers have been able to minimize downtime as a result of Citrix Customer Success Services.
